Calling all talented young artists!

Vision Petron National Student Art Competition 2018 is on!

This year's theme is:

TUKLAS

TUKLAS KULTURA (Rediscovering Culture)

What is Kultura or culture? It is everything that makes us unique as a people. It's our way of life – how we live, what we do, make, think and value in order for us to survive in our inherited natural surroundings.

It is our customs, traditions, ordinary behavior, habits, attitude towards each other, moral and religious beliefs and how they manifest in our everyday life that make us proudly declare, "We are Filipinos."
