
PETRON SPRINT 4T MONOGRADE

DESCRIPTION

PETRON SPRINT 4T MONOGRADE is a high quality engine oil suitable for use in four-stroke motorcycles for day-to-day driving conditions.

TCS (Thermal Control System) is an advanced additive technology that enhances the oil's thermal endurance, volatility profile, and oxidation stability.

PROPERTIES

- Adequate protection from engine wear and corrosion for longer engine life.
- Good wet clutch friction for reliable clutch performance.

GRADE

- SAE 40 and SAE 50

APPLICATIONS

- Four-stroke motorcycle engines

QUALITY LEVEL

- API SG
- JASO MA

AVAILABLE PACKAGE

- 24 x 1 liter in cartons

TYPICAL CHARACTERISTICS

	SAE 40	SAE 50
Density at 15 ⁰ C, kg/li	0.8912	0.8945
Flash Point, COC, ⁰ C	256	236
Color, ASTM	L2.5	L2.5
Kinematic Viscosity at 40 ⁰ C, cSt	142.6	218.4
Kinematic Viscosity at 100 ⁰ C, cSt	14.11	19.36
Viscosity Index	96	100
