

PETRON **FLEET CARD**

Your Fleet, Your Rules.

PETRON FLEET CARD

The Petron Fleet Card is a credit or charged card particularly designed for Petron customers with multiple vehicles, allowing them to enjoy interest-free credit for a specific period.

This program provides the customers with an efficient, secured, convenient and economical way of managing their fleet of vehicles.

Fleet Card Types

There are three types of Petron Fleet Cards, each categorized based on their specific usage requirements.

Driver Card (D)

The driver card operates like a regular credit card. The name of the cardholder is embossed on the face of the card.

The limits are tied to the individual, allowing the cardholder to use any vehicle.

Vehicle Card (V)

The vehicle card allows any driver to use the card. The plate number of the vehicle is embossed on the face of the card. The limits are tied to the vehicle.

A report on the vehicle's consumption based on its odometer reading is available for this type of card.

Driver – Vehicle Card (DV)

To provide additional control, the driver-vehicle card contains both the name of the cardholder and the details of the vehicle.

A report on the vehicle's fuel consumption based on its odometer reading is also available for this type of card.
